Assalamualaikum,

Dr. Azam Umar, I just want to tell that your works on **dream** interpretation , including your website **dreams**, are brilliant and excellent.

Me too, I'm very interested about **dream** interpretation since about 1 year ago.

I am very glad to get any informations about **dreams** interpretation from you, as it is very beneficial to me, in helping me who always love to ask guidance from Allah, particularly

through dreams(as one of the way).

I wish you keep updating, because people would love to read.

*I'm currently asking for a dream from Allah, regarding about my decision on effort I make to a woman-wether I should continue the effort or not.

Wassalam, may Allah always help you here and hereafter.

Assalamualaikum. thank you for giving this oppurtunity. I have 2 dreams, and would like to ask your kindness to interpret them. It's regarding about the woman I am putting my effort to marry her.

(1)

We sit beside each other. She always smile in the **dream**. She show me two piece of papers with her hand. Each of them containing writings which are not clear (I couldn't read them).

She said she don't know/not sure which way is the best; on how to explain/inform her mother. And I think she ask me wether it will be happiness/blessing if marry with me.

I hold her shoulders, and told " You'll be very happy".

(2)

I saw a fight between 2 seawater animals. They are both same species. Not sure what species, it looks quite weird. But different size- one is small & other one big.

They look like a turtle (but a bit different). The Small looks like can handle the Big's attack. After that both of them turn to be bigger, more looks like whales. But still, the Small is smaller than the Big.

The Small defeat the Big. It kind of, the Big being killed by the Small.

That's all the two **dreams**. I have the ablution (wudu') before sleep, and recite dua. If I not mistaken both **dreams** happen before fajr.

Request, I choose to make my identity private. Very very appreciate what you've done, jazakallahu khairan kasira. *********

Assalamu-alaikum wa rahmatullah! I had a disturbing **dream** yesterday night for which i would like an interpretation. The **dream** is as follows-I was **dreaming** that i was sitting in the masjid with many more people and we were all arranged in rows. It was supposed to be judgement day and Allah(s.w.t) was in the form of a pious young man with the sunnah clothing and was facing us. We were all called one by one to give account till my turn came. I don't exactly remember the questions asked to me but all the time I was wondering as to why Allah(s.w.t) was in a human form. Please tell me if this means anything or just something bad from the Satan. And please keep my identity a secret and sorry for my poor English.
Assalamu-alaikum wa rahmatullah

I SHOULD THINK THIS DREAM MEANS THAT YOU ARE ON THE RIGHT PATH WITH REGARD TO RELIGION BECAUSE YOU SAW A PIOUS YOUNG MAN WEARING ISLAMIC CLOTHING. IF YOU HAD SEEN SOMETHING DISTURBING TELLING YOU ABOUT JUDGEMENT DAY, THEN IT WOULD HAVE BEEN A BAD DREAM. CONGRATULATIONS, AND KEEP YOUR PIOUS DEEDS GOING!

Assalamualaikum,

I have five **dreams** that I would like you to interpret for me please, but would like my message to be kept confidential.

First **dream**; I am lying on a mat spread on the floor when I feel something crawling on me. I look down onto my leg and see a small spider, I pick it up and put it down away from me and stamp my fist on it but it is still alive and turns into a flying insect, I hit it twice before I kill it. I see other small insects there too and also kill them.

Second **dream**; I see that my cousin is wearing a black burka and gives me one to wear too. I accept the burka and put it on. The top half of the burka is pink while the bottom half is green.

Third **dream**; I am sitting home with family when a young girl whom I don't recognise comes to me and talks to me smilingly. I feel happy and the atmosphere in general amongst others in the **dream** also looks happy but I don't particularly remember what the child says.

Fourth **Dream**; I am running fast with somebody else close by, from a white horse who is chasing us. I don't feel scared or in danger and have no recognition of where we were. I think I manage to lose the horse but couldn't be sure.

Fifth **dream**; I am sitting down with colleagues from work and see one of my colleagues is pregnant and is wearing a black burka (she was actually pregnant but has now conceived and does always wear a burka) but when I see myself I see that I am too pregnant. I later see that I am bottle feeding a young baby boy (around 2/3 months), and when he opens his eyes they are green. I felt that the baby I was feeding was mine but there were no apparent indicators to suggest so. The baby babbled too which sounded a lot like my young baby nephew.

Thank You

Salam,

Dr Umar Azam,

Thank you very much for your kindness. Here I would like to inform the update of the **dreams** that I have asked you.

Several days ago, her mom told me that: there is another guy who want to marry her, too. Before this, according to her brother in law, the woman is in 50%-50% state (whether to accept me or not). It seems that my **dream** is true I guess (the 2 pieces of paper with unreadable writings denote the two guys which she is not sure which one want to choose). I guess.

Salam, I'm sorry, because I have two question:

[How to determine the dream is 'inverse dream' or 'not inverse dream' ?](#)

My sharing experience:

I have older experience, several months ago: I had an inverse dream (dreamt someone told me something, but several weeks after that, in real life he told me completely opposite from my dream).

I also dreamt another dream that turns out to be true (almost a year ago). According to the Ibn Sireen and an nabulsi-based books, the interpretation are: a sister is pregnant, and plus with other facts. I checked out, and they turns out to be true. I guess this is not the type of inverse dream.

So, back to my **dream** about the girl I want to marry, it seems that a part of that **dream** is not type of inverse **dream**? (she show me two piece of paper-and after that in turns out to be true that she is in dilema in choosing between two guy).

So, is it possible to have two type of interpretation(inverse and not-inverse) in a single **dream**?

Jazakallahu khairan kasira.

Mar

to Mohd

WA LAIKUM SALAM, BR AKRAM

YOU CANNOT DETERMINE WHETHER A **DREAM IS INVERSE OR NOT-INVERSE UNTIL EVENTS IN WAKING LIFE CONFIRM ONE OR THE OTHER!**

AND I BELIEVE A **DREAM IN NOT LIKELY TO BE INVERSE AND NON-INVERSE ON THE SAME SUBJECT OR THERE WOULD BE A CONTRADICTION!**

IN YOUR SITUATION, IF YOU HAVE A RECURRING **DREAM [I.E. 4 OR 5 TIMES] THAT SHE IS GOING TO CHOOSE YOU, THAT IS SMOST LIKELY TO BE A TRUE **DREAM** [A DEFINITE MESSAGE FROM ALLAH] AND NOT AN INVERSE **DREAM**. INSHALLAH MAY IT HAPPEN!**

Hope you are in good shape, and Allah bless you.

I have another **dream** to bring forward for interpretation:

- I'm in a room. The door is open, and through that I can see that woman (that woman I mention before- woman I put effort to win her heart to get married) wearing all white clothes, putting clothes into washing machine. If not mistaken, the clothes also white in color.

The surrounding: There are also several people do the same thing (putting clothes into their own washing machine). -

Notes: My relationship with that woman and her mom is having some problem right now.

May Allah bless, Jazakallahu khairan kasira

WASHING MACHINE SUGGESTS THAT BOTH YOU AND SHE NEED TO DECIDE NOW WHETHER YOU BOTH HAVE A FUTURE TOGETHER. YOU NEED TO PUSH HER INTO A YES OR NO:

To see or use a washing machine in your **dream** suggests that you need to resolve issues of the past in order to be able to make a clean, new start for yourself.

dream: baby boy

Mohd Shahrul Akram Mohd Mokhtar <msa.akram@gmail.com>

Apr

to me

salam,

hope you are in very good shape.

I have one question:

What is the meaning of seeing a baby boy (about 4-5months in age), hurts (has wounds in his face, elbow, arms)...

is it brings good tidings or the opposite?

And the baby speaks, like he said he has shoot his brother/someone .. and he said he like it (doing that)..

* what I know is; little boy (not baby; age maybe around 4-9 years old) means negative things (sad/sorrow and so on).

and little girl means positive (happy and so on).

Jazakallahukhair.

UMAR AZAM <dr.u.azam@gmail.com>

Apr
18

to Mohd

WA LAIKUM SALAM, BR AKRAM

YOU'RE QUITE CORRECT - SEEING A BABY BOY MEANS A TROUBLED YEAR COMING UP. THE SCIENTIFIC EXPLANATION IS THAT THE BABY BOY REPRESENTS YOU - YOU WILL BE HURT EMOTIONALLY BY OTHERS: ALL GOOD COMES FROM ALLAH AND EVIL FROM OUR OWN NAFS. TRY TO BE GOOD TO OTHERS SO OTHERS CAN BE GOOD BACK TO YOU, BR AKRAM.

Baby

To see a baby in your dream signifies innocence, warmth and new beginnings. Babies symbolize something in your own inner nature that is pure, vulnerable, helpless and/or uncorrupted. If you dream that the baby is smiling at you, then it suggests that you are experiencing pure joy. You do not ask for much to make you happy. If you find a baby in your dream, then it suggests that you have acknowledged your hidden potential. If you dream that you forgot you had a baby,

then it suggests that you are trying to hide your own vulnerabilities; you do not want to let others know of your weaknesses. Alternatively, forgetting about a baby represents an aspect of yourself that you have abandoned or put aside due to life's changing circumstances. The dream may serve as a reminder that it is time for you to pick up that old interest, hobby, or project again. If you dream that you are on your way to the hospital to have a baby, then it signifies your issues of dependency and your desires to be completely cared for. Perhaps you are trying to get out of some responsibility. If you are pregnant in real life, then a more direct interpretation may simply mean that you are experiencing some anxieties of making it to the hospital when the time comes.

To dream of a crying baby symbolizes a part of yourself that is deprived of attention and needs to be nurtured. Alternatively, it represents your unfulfilled goals and a sense of lacking in your life. If you dream that a baby is neglected, then it suggests that you are not paying enough attention to yourself. You are not utilizing your full potential. Alternatively, this dream could represent your fears about your own children and your ability to protect and to provide for them. To see yourself or someone as a baby in your dream refers to your desire to be cared for and nurtured. Alternatively, the dream may mean that you or someone is behaving immaturely.

To dream about a starving baby represents your dependence on others. You are experiencing some deficiency in your life that needs immediate attention and gratification. To see a dead baby in your dream symbolizes the ending of something that was once a part of you. To dream of an extremely small baby symbolizes your helplessness and your fears of letting others become aware of your vulnerabilities and incompetence. You may be afraid to ask for help and as a result tend to take matters into your own hands. To dream that you are dipping a baby in and out of water signifies regression. You are regressing to a time where you had no worries and responsibilities. Alternatively, such a scenario is reminiscent of when the baby is in the fetus and in its comfort zone. In fact, some expectant mothers even give birth in a pool, because the environment in the water mimics the environment in the uterus. It is less traumatic for the baby as it emerges into the world. So perhaps, the dream represents your search for your own comfort zone.

<http://dreammoods.com/cgi-bin/dreamdictionarysearch.pl?method=exact&header=dreamsymbol&search=baby>

To dream that a baby is walking or dancing refers to the potential and possibilities that life has in store for you. The future looks bright. The dream may also be a metaphor that you need to take baby steps in your relationship, toward your goal, in a work project or whatever undertaking. If you have a baby in real life, then the dream is a reflection of your hopes for that baby.

to me

Salam, Jazakallahu khairan kasira..

(A) I kept thinking in this way: baby boy represents trouble., so an injured baby boy means the opposite- the trouble will fade away. Guess i'm wrong.

Actually, after seeing the baby boy, in the same dream, I saw woman singing with good quality voice. No lyrics,just "aaa" but good. Looks like african, black woman.

(B) Before, in several nights I got this dreams:

1. I make a necklace and completed it.
2. I sing with a good quality voice (2 times in 2 dreams). No lyrics,just "aaa" but good.
3. I caress a cute she-cate. the cat looks like smiling, sleeping.
4. I hold and lift a nice, cute, smiling girl (age around 5 years old). I saw luxury cars.

(C) A dream about a year ago:

Me, with 3 other men, climbing a mountain. There is a woman climbing too (wear no hijab). She is beautiful. All of them are unknown.

Just before I reach the top, I was kind of slip and almost fell. But one of them help me. When we reach at top, we hold the ropes of a parachute. I looked at one of the rope that was hold by one of them. I saw it is not being hold/tied firmly. I took the rope from his hand and tied it firmly. End.

I just gave this information, in case it will be a help for you in gaining dreams data. If not mistaken you did collect dreams data. But if you want to interperate them, I'm really honoured. jazakallahu khairan kasira.
