The fish is also an ancient symbol of Christianity and Christian beliefs. Consider the common phrases "like a cold fish", "fish out of water" or something that is "fishy" about a situation. It may also imply a slippery or elusive situation. Perhaps your dream could be telling you that "there are plenty of other fish in the sea", with regards to some relationship issue. To dream that you are eating fish symbolizes your beliefs, spirituality, luck, energy and nourishment. It is food for the soul. To dream of cooking fish indicates that you are incorporating your new realizations with your

spiritual feelings and knowledge. If you are cleaning fish, then it suggests that you are altering your emotional expression in a way that will be presentable to others. You are censoring yourself and not expressing how you completely feel. To dream that an unusually large fish is attacking you suggests that you are avoiding some emotional issue that is growing into a huge problem. You are suppressing too much of your feelings that it is affecting your well-being. To see a dead fish signifies disappointment and loss of power/wealth. To dream that a small fish is attacking a bigger fish implies that you should not underestimate someone's ability because of their size. Consider whether you sympathize with the small fish or with the big fish for further significance of your dream. To see fish bones in your dream refers to old insights, thoughts or views that have already been brought to light. You have processed these ideas and gained knowledge from it.

Subject: Dream

Assalamu alaikum

I dreamt that i was on a crowded train, and as the train was moving i could see my husband outside walking alongside the train in the middle of the crowd, i kept on waving at him to see me but he didnt see me..then a little bit later whilst i was still standing on the train i saw my husband walking alongside another woman who was holding his arm and in the middle was a boy who he was cuddling I immediately thought that this was his wife and son. later on when i reached

where it was supposed to be my home (a place unknown to me in real life) i saw him and confronted him and asked if he married another wife and if that was his son...and he said yes..then i asked how old he was and he said he was 5 so i collapsed crying and said to him how could he do this to me..as (in real my eldest daughter is 6) and that she would have been a baby when he did this...then he fell down crying and saying he didnt know why he did it..then i continued to cry remorsefully till i couldn't breathe and i woke up trying to collect my breathe petrified in disbelief....(in real life i have two daughters aged 2 and 6 could it be based on a desire to have a son or is this a real dream)

WA LAIKUM SALAM,

YOUR DREAM SEEMS TO HIGHLIGHT YOUR EMOTIONAL INSECURITIES IN YOUR MARRIAGE. IT COULD BE A TRUE DREAM OR A SUGGESTION OF YOUR OWN MIND.

IF IT IS A TRUE DREAM, IT IS FORECASTING THAT THE COMING YEAR [REPRESENTED BY THE BOY] {AND PERHAPS SEVERAL YEARS GONE BY}

WILL NOT BE VERY PLEASANT FOR YOU BECAUSE OF A PROBLEM OF YOU TRUSTING YOUR HUSBAND NOT TO HAVE AN AFFAIR WITH, OR MARRY, ANOTHER WOMAN.

IF IT IS A SUGGESTION OF YOUR OWN MIND, THEN IT IS JUST SHAYTAN TRYING TO INFLUENCE YOU TO WORRY THAT YOUR HUSBAND DOES NOT HAVE A SON AND PERHAPS HE FEELS THAT ANOTHER WOMAN COULD GIVE HIM A BOY.

PLACE YOUR TRUST IN ALLAH AND STAY HAPPY AND POSITIVE; LET WHAT WILL HAPPEN, HAPPEN.

Subject: Interpretition of My DREAM

Salam alaikum Dr. Saheb,

I saw dream that I am sitting in class room and I felt hungry and then from my Tiffin I took out daal mash in plate and a roti.

I accidentally dropped one and only meat piece out of daal plate on floor and a little portion of daal.

The quantity of daal in my plate was already not much enough and again some quantity is dropped as well leaving very small portion but I think in my dream that I still can manage with that quantity and start joking with other class mates.

Kindly tell me the interpretation in the light of islam.

Jazakamullah khair.

Subject: Dream that needs interpreting

Sallamu Alaikum.

I had a dream maybe a year ago, I was 18 at the time, so i'm sorry if the details aren't very clear. But I remember that after having the dream and waking up, it was vividly clear in my mind (which is usually not the case for me, I usually forget most of my dreams).

I dreamt that me and a group of people were on a journey and had reached a sandy beach with the water stretching out before us. They were all dressed like how I imagine the companions were in the Prophets time. I saw the Prophet Muhammad pbuh amidst these companions, and they were deliberating where to go to next.

I can't really describe how I saw the prophet except that I felt a sense of peace and rightness by looking at him. His face had a white inner glow to it, he was tall and strong but I can't remember specific details except that I KNEW in my heart it was him, that in addition to that the people with us referred to him as the prophet.

After the deliberation, he decided to take on person with him. A young white beautiful boy came up and tried to take the prophet's hand, saying he wanted to go with him. The prophet said "no Issa" and took my hand instead. The boy followed us to the water, asking why he'd chosen me instead of him.

We walked into the sea until it covered us completely, but we could breathe underwater and see clearly. Suddenly a giant creature (some sort of huge sea creature) appeared and started talking to the prophet Muhammad in Arabic (I speak Arabic fluently). I don't really remember what was said, but there was a great sense of awe and importance.

When I woke up I was so disturbed by this dream! I felt like something big had happened and I couldn't keep all the excitement in! I told my mother about it and she told me if you see the prophet its a real ro'ya and that whoever sees the prophet Muhammad will enter paradise. I continued thinking about this dream for a long time. Even now its a mystery to me.

Why would I have such a dream? I am not particularly a good muslim, I pray and fast but only do whats obligatory. My faith is constantly going up and down and sometimes I feel myself weakening in my islam and others strengthening. If one of my sisters had this dream, who are amazing muslims, the best I know, then It would make more sense.

I thought that maybe after this dream I would become a very good muslim and have really strong faith. But its been a very eventful year for me and my faith hasn't gotten much stronger.

Thank you for your time, and I hope to hear your reply soon.

I FEEL AFTER READING YOUR DREAM THAT ALLAH MOST HIGH LOVES YOU! IF YOU SEE THE PROPHET S.A.W. IN A DREAM, IT MEANS THAT YOU ARE CORRECTLY GUIDED IN RELIGION. SAME WITH SEEING OTHER PROPHET I.E. HADRAT ISSA [JESUS] WHO ALSO CAME IN YOUR DREAM. THE SEA REPRESENTS SOME POWER OR AUTHORITY THAT YOU MAY BE GIVEN IN THE FUTURE. YOUR MOTHER IS ABSOLUTELY CORRECT - YOU WILL INSHALLAH GO TO JANNAH IF YOU SEE THE PROPHET MUHAMMAD S.A.W. IN A DREAM. ALLAH DOES NOT LIKE PROUD PEOPLE AND YOU SOUND LIKE A PERSON HUMBLE IN THE HEART AND NOT OSTENTATIOUS IN MATTERS OF RELIGION. THEREFORE, IT IS NOT SURPRISING THAT YOU ENJOY ALLAH'S FAVOUR. YOU DON'T HAVE TO BE EXTREMELY RELIGIOUS FOR ALLAH TO LOVE YOU; AFTER ALL, THE BEST RELIGION IS THE MIDDLE PATH. I HAVE COPIED AND PASTED AN INTERPRETATION FROM: www.myislamicdream.com BELOW; IF YOU USE THIS SITE, YOU CAN

LEARN A LOT ABOUT THE MEANINGS OF YOUR DREAMS. THERE IS ALSO THE SCIENTIFIC SITE: www.dreammoods.com

Prophet Muhammad — (Allah's Prophet **Muhammad**, blessings and peace be upon him; The Seal of the prophets; The last Messenger) It is related that Allah's Messenger, upon whom be peace, has said; " One who sees me in a dream will see me in his wakefulness, for Satan cannot impersonate me. " He also has said; " One who sees me in a dream, it is as if he has truly seen me, for Satan cannot impersonate me. " He also has said; " One who sees me in a dream will not enter the fire of hell. " Muslim theologians and scholars differ in opinion about the meaning of seeing Allah's Prophet **Muhammad** (uwbp) in a dream. Ibn Seerin used to ask someone who tells of such a dream to describe the Prophet, upon whom be peace. If any of the details did not fit his description, reply was; " You have not seen him. " Asim Bin Kulayb once said; " I related to Ibn Abbas, Allah bless his soul and that of his father, that I saw Allah's Prophet **Muhammad** (uwbp) in a dream. Ibn Abbas replied; " Describe him to me. " Asim Bin Kulayb added; " I described him as resembling Al-Hassan son of Ali, upon both of them be peace. " Ibn Abbas replied; " Indeed you have seen him. " Ibn Arabi once explained that the essence of seeing Allah's Prophet **Muhammad** (uwbp) is cognizance of his presence and understanding the reality of his character and example. Thus, recognizing the presence of the blessed being is as affirmation of the truth, while seeing the physical form represents his example and attributes, for being earthly does not change the essence of prophethood. When Allah's Prophet **Muhammad** (uwbp) said; " He will see me in wakefulness, " it means; expounding upon what he saw, ' for what one sees in such a dream is the truth which resides in the realms of the unseen. In the second saying, when Allah's Prophet, upon whom be peace, said; " It is as if he has truly seen me, " it means that if one had seen him during the time of delivering Allah's message, the example will be the same. Thus, the first saying signifies what is real and true while the second saying implies the physical reality and its example. If one sees Allah's Prophet, upon whom be peace, coming toward him in a dream, it means blessings and benefits, and if one sees Allah's Prophet **Muhammad** (uwbp) turning away from him in a dream, it means the opposite. Al-Qadi Iyad, Allah bless his soul, interpreted the words of Allah's Prophet **Muhammad** (uwbp) in his saying; " Has truly seen me, " to mean; " has truly seen my physical form, " that the blessed companions knew, while seeing him in another form in a dream means that one's dream connotes personal interpretations. Following the explanation of Al-Qadi Iyad, Imam Al Nawawi commented by saying; " This is a weak explanation. A stronger interpretation is to say that one who sees Allah's Prophet **Muhammad** (uwbp) in a dream has seen him in reality however his resemblance may appear. Whether the resemblance in the dream is known or not. " In a separate commentary, Sheikh Al-Baqlani added; " What Al-Qadi Iyad has said does not contradict what Imam Al-Nawawi has said. " This is because the first dream does not require interpretation, according to Al-Qadi Iyad. In the second type of dream, that is discussed in Imam Al-Nawawi's comments, one's dream does require interpretation or analysis. This is to mean that since no Satan can impersonate Allah's Prophet **Muhammad** (uwbp), then whatever appearance he displays in one's dream is true. The meaning of Allah's prophet's saying; " For Satan cannot impersonate me, " implies that since Allah's guardianship (Isma) is inviolable, and since Allah's Prophet, upon whom be peace, is sacrosanct, then as he was protected during the time of delivering Allah's message to humanity, he is still protected by the same guardianship after Allah Almighty took him back to Himself. Thus, whoever sees Allah's Prophet **Muhammad** (uwbp) in any appearance in a dream, it is as if has seen him in reality, regardless whether one sees him as a young man, or at the time of delivering his message, or as an old person. If one sees him looking old in a dream, it means peace. If one sees him looking young in a dream, it means war. If one sees him smiling in a dream, it means that one is truly emulating his traditions. Seeing Allah's Prophet **Muhammad** (uwbp) in his known and recognized appearance in a dream means that the one seeing the dream is a pious person, that his integrity is inviolable, and that his

success is unquestionable. Seeing him (uwbp) in a dream frowning represents the ill state of the one seeing the dream. Ibn Abi Jumrah once said; " Seeing Him (uwbp) in a beautiful appearance denotes the good religious standing of the person seeing the dream. Seeing him with some disfeatures in a dream, a deficiency or distortion in one's application of his religious duties, for Allah's Prophet Muhammad (uwbp) is like a mirror that portrays the one standing before it. " In this sense, the person seeing the dream can recognize his own state. This interpretation is also given by Ibn Hajar Al-Hutaymi, Allah bless his soul. Like that, in the book of " Sharh al-Shamail " of Imam Al Tirmithi, it is also stated that Satan cannot impersonate Allah Almighty, His signs, prophets or angels. If someone suffering from distress sees Allah's Prophet Muhammad (uwbp) in a dream, it means that his difficulties will be removed. If a prisoner sees him in a dream, it means that he will be released from prison. If one is living at a time of economic chaos, and if high prices are exploiting the people of the land, or if injustice is tyrannizing everyone, then seeing Allah's Prophet, upon whom be peace, in a dream represents an end to such adversities. Seeing him in his beautiful, radiant and impeccable appearance as best described by his companions in a dream means glad tidings of attaining a successful conclusion to one's life in this world and in the hereafter. The state and clarity of one's heart and how well polished is his own mirror determines in what appearance he may see him, upon whom be peace. If Allah's Prophet Muhammad (uwbp) comes toward someone in a dream, or leads him in prayers, or if one sees himself accompanying him on the road, or if one eats something sweet from his blessed hand, or receives a cloak, or a suitable shirt, or if Allah's Prophet Muhammad promises him something, or prays for him, then if the one seeing the dream qualifies for leadership, and if he is a righteous and a just man who commands what is good and forbids what is evil, and if he is learned and practices what he knows, and if he is a pious worshipper and a devout Muslim, he will then attain the station and company of the blessed ones. If the one who sees the dream is a disobedient servant of Allah Almighty, it means that he will repent for his sins and return to his Lord. If he is living in heedlessness, it means that he will be guided. Perhaps, he might attain his goals in acquiring knowledge, or learn how to reconstruct his innermost being to befit a human being who is grateful to his Lord. If one is fearing oppression, persecution, or loss of his property and wealth sees him (uwbp) in a dream, it means putting an end to such fears, for he is the best of intercessors to restore anyone before Allah Almighty. If one who follows innovations sees Allah's Prophet Muhammad (uwbp) in a dream, it means that he should fear Allah Almighty, heed to His warnings and correct himself and particularly if he sees Him (uwbp) walking away from him, or turning his back to him. Seeing Allah's Prophet Muhammad (uwbp) in a dream also means receiving glad tidings and happy news, or it could signify justice, establishing the truth, fulfillment of a promise, reaching a high rank among the members of one's family, or perhaps it could mean that one may suffer from their envy and jealousy, or leave his homeland and migrate to another country, or it could mean that he may lose his parents and become an orphan. Seeing him (uwbp) in a dream also could mean seeing miraculous events (Karamat), for his companions witnessed and testified to a deer greeting him, a camel who kissed his foot, the broiled leg of mutton talking to him, trees moving to give him cover, pebbles glorifying Allah's praises in his hand, among countless miracles, including his Nocturnal Journey and ascension (Miraj) to the heavens to meet his Lord. If an ophthalmologist sees him in a dream, it means that he will acquire great expertise in his field and become renowned in the land, for Allah's Prophet Muhammad upon whom be peace, did return the eye of his companion Qutadah to its place and made his sight sharper than it was by Allah's leave, after Qutadah had lost his eye during one of the battles with the unbelievers. If a traveller in the desert sees Allah's Prophet Muhammad (uwbp) in a dream, or if there is drought somewhere, it means that rain will fall and springs will gush forth, as water gushed from between his blessed fingers when he placed his blessed hand over a half filled cup to quench the thirst of an entire army. If calamities, starvation and drought has befallen a land and someone sees Him (uwbp) in a dream, it means that such calamities will be lifted and life will return to normal in that place. If a woman sees him in a dream, it means that she will reach a high spiritual station, honor, righteousness, chastity, trustworthiness and perhaps be given a blessed progeny, or if she is wealthy, it means that she will spend her wealth on Allah's path. Seeing him

(uwbp) in a dream also means facing adversities, bearing patience and suffering from one's enemy. If an orphan sees him (uwbp) in a dream, it means that he will reach an exalted station and the same goes if a foreigner sees him in his dream. If a physician sees him (uwbp) in a dream, it means that people will benefit from his medicine. Seeing him (uwbp) in a dream also means victory over one's enemy, or consolidating and paying one's debts, or recovering from an illness, or attending a pilgrimage to Allah's House in Mecca, or triumphing over one's trials, or cessation of one's adversities, or fertility of a barren land, or the pregnancy of a barren woman. If a visitor to his mosque sees himself in a dream coming before Allah's Prophet **Muhammad** (uwbp) and finds him standing up, it denotes one's correct religious standing, and it means that he will have commanding authority over the Imam of his time. If one finds him (uwbp) deceased in the dream, it means that a noble person from the family of the person seeing the dream will shortly die. If one sees the funeral of Allah's Prophet **Muhammad** (uwbp) in a dream, it means that a calamity will befall that country. Following his funeral procession up to his grave (uwbp) in a dream means that the person seeing the dream will yield to innovations. Visiting his grave (uwbp) in a dream means receiving a great treasure. If one sees himself as the son of Allah's Prophet **Muhammad** (uwbp) in a dream, and even if one is not one of his descendents, it denotes one's sincerity, true faith and certitude. Seeing Allah's Prophet **Muhammad** (uwbp) by one person does not exclude the remainder of the believers, but the blessings encompass all of them. Receiving something from him (uwbp) such as food or a drink in a dream means benefits and profits. If one receives food which substance connotes negative circumstances, such as a melon or the like elements in a dream, it means that one will escape from a great danger, though he will toil and suffer from hardships during his trials. If one sees that one of the limbs that belong to Allah's Prophet **Muhammad** (uwbp) has become his own in a dream, it means that he is following innovation and making changes in the laws Allah's Prophet **Muhammad** (uwbp) brought to humankind. If one sees himself in a dream embodying the form of Allah's Prophet, upon whom be peace, or wearing one of his garments, or receives his ring, or sword, then if the person is seeking to govern, he will attain that and the people will accept his leadership. If one is suffering from persecution, or humiliation in the land, then seeing Allah's Prophet **Muhammad** (uwbp) standing in a dream means that Allah Almighty will grant him victory and make him rise above his enemies. If one is poor, his needs will be satisfied, or if he is unmarried, he will get married. If one sees him (uwbp) in a ruined place in a dream, it means that such a place will be rebuilt. If one enters a room and finds him (uwbp) sitting there in a dream, it means that a miraculous sign, or a major event will take place in such a locality. If one sees him (uwbp) making the call to prayers in a dream, it means that prosperity will spread in that place. If one sees him establishing the prayers (Iqamah) in a dream, it means that the Muslims will reunite and dispel their differences. If one sees him (uwbp) placing kohl over his eyelids in a dream, it means that he will find safety and correct his religious stand, or it could mean that one will study and become a scholar in the field of the prophetic sayings (Ahadith). If a pregnant woman sees him (uwbp) in a dream, it means that she will beget a son. If one sees him (uwbp) having a black beard with no gray hair in it in a dream, it will bring happiness, joy and prosperity to one's life. If Allah's Prophet **Muhammad** (uwbp) is seen as an old man in a dream, it means strength in one's life and victory over one's enemy. Seeing him (uwbp) in his most exalted state in a dream means that the Imam, or the ruler of the country will rise in station and that his authority will expand. If one sees his blessed neck wide, it means that the Imam is holding firmly to his trust. If one sees him (uwbp) having a large chest in a dream, it means that the Imam or the ruler of the country is generous toward his subjects. If one sees his blessed stomach (uwbp) empty in a dream, it means that the treasury of the country is empty. If one sees his right hand closed in a dream, it means that the Imam or the ruler of the country does not pay his employees, or distribute the collected alms tax. If one sees his blessed right hand (uwbp) open in a dream, it denotes the generosity of the ruler and his compliance with the distribution of charities and alms tax as prescribed in Allah's book. If his hands are locked together in a dream, it means complications in the life of the Imam, or the ruler of the country. The same will affect the life of the person seeing the dream, including suffering from distress and adversities. If one sees his blessed leg beautiful and hairy in a dream, it means that one's clan will become stronger,

and his tribe will grow. If one sees the blessed thighs of Allah's Prophet Muhammad tall in a dream, it denotes longevity of the Imam or the ruler of the country. If one sees him (uwbp) standing in the midst of soldiers and everyone is laughing and joking in a dream, it means that the Muslim army will be defeated and humiliated in a war. If he is seen with a small army that is ill equipped and everyone is looking down in the dream, it means that the Muslim army will triumph in that year. If one sees him (uwbp) combing his blessed hair and beard in a dream, It means that one's distress and adversities will be dispelled. Seeing him (uwbp) in his own mosque, or in any mosque, or in his usual place in a dream it means gaining power and honor. If one sees him standing in the midst of his companions delivering a revelation in a dream, it means that one will acquire a greater knowledge, wisdom and spiritual understanding. Seeing the grave of Allah's Prophet Muhammad (uwbp) in a dream means prosperity and profits for a merchant, or the release of a prisoner from his jail. Seeing oneself in a dream as the father of Allah's Prophet Muhammad (uwbp) means that one's faith will diminish and his certitude will weaken. If a woman sees herself in a dream as one of the wives of Allah's Prophet Muhammad (uwbp), it represents her growing faith. If one sees him (uwbp) looking into one's affairs in a dream, it means that Allah's Prophet Muhammad (uwbp) is admonishing the one seeing the dream and commanding him to render his wife her due rights. To walk behind him (uwbp) in a dream means following his (Sunnah) traditions in wakefulness. To eat with him (uwbp) in a dream means that one is commanded to pay the annual alms tax (Islamic law) due over one's money making assets, or liquid assets, gold, silver, jewelry, savings, etcetera, excepting one's home or vehicle. If one sees Allah's Prophet Muhammad (uwbp) eating alone in a dream, it means that the one seeing the dream refuses to give charities and disdains to help those who ask for his help. In this sense, it is as if Allah's Prophet, upon whom be peace, is commanding the person to give charities and to help the needy. If one sees him (uwbp) bare footed in a dream, it means that one has neglected to do his regular prayers. To see him (uwbp) and to shake hands with him in a dream means that one is truly his follower. If one sees his blood mixed with that of Allah's Prophet Muhammad (uwbp) in a dream, it means that one will marry a woman from among his descendents, or that one will marry the daughter of a great religious scholar. If Allah's Prophet Muhammad (uwbp) gives someone some type of greens or herbs in a dream, it means that one will escape from a great danger. If he (uwbp) gives him something fresh or honey in the dream, it means that one will learn the Holy Quran and acquire a great knowledge and wisdom according to the amount he receives in his dream. If one returns the gift to Allah's Prophet Muhammad (uwbp) it means that he will follow innovation. To see him (uwbp) delivering a sermon in a dream means that he is commanding people to do good and to eschew evil. If one sees the color of his skin (uwbp) tan in a dream, it means that one will think about repenting from his sins and abstain from young people's ignorance. If the color of his skin is white in the dream, it means that one will repent for his sins and turn to Allah Almighty for acceptance. If he (uwbp) reprimands someone in a dream, it means that one must refrain from innovation and follow the prophetic traditions. If one finds that Allah's Prophet Muhammad (uwbp) has died in a specific location in a dream, it means that the person seeing the dream will die in that same place and Allah knows best. Subject: Dream interpretation

As salaam wa Alaikum wa rahmatullahi wa barakatu. I recently had a dream which woke me up at 3 in the morning, I felt very restless. I am seeing myself with in a bus like with people around me and I'm sitting next to a man who is crying, and I am pacifying him, I see a whole lot of men standing in the aisle like they got picked for a team to play a sport and the man next to me was not selected. I then see myself holding a baby boy wearing white, I wake up and take the baby with me I go to sit on a bed and it feels like its in an open grass area and I lay him on the bed. When I look up I see a man who I know, we have not been in contact for a while. This man comes to me and touches me inappropriately. I am troubled by this. I am afraid I am committing a grave sin. Please advise. I am very worried. I am married and my marriage isn't very stable my husband is involved in a court case and there is a lot of stress and problems. I have bad thoughts also. I have a 4yr old son. Please HeLP me !!

YOUR STRESSFUL SITUATION IS BEING REFLECTED IN YOUR DREAMS: THE LITTLE BOY REPRESENTS THE FORTHCOMING, UNPLEASANT YEAR; THE BUS REPRESENTS YOUR LIFE AND THE CRYING MAN REPRESENTS THE SORROW YOU FEEL ABOUT YOUR HUSBAND; THE MAN NOT BEING SELECTED FOR THE TEAM MEANS YOU CAN'T ENJOY HIS LEISURE. THE MAN WHOM YOU FEARED MIGHT TOUCH YOU INAPPROPRIATELY

PROBABLY REPRESENTS THE EMOTIONAL UNCERTAINTY YOU WOULD FEEL IN LIFE WITHOUT THE LOVE OF YOUR HUSBAND .

I SYMPATHISE WITH YOUR PROBLEMS . HOW CAN I HELP EXACTLY? AND IS YOUR SURNAME SCHMIDT? DID YOU MARRY A REVERT MUSLIM? WHICH COUNTRY ARE YOU IN, FATIMA?

Wa laikum salam, this is another true dream u experienced: that ur uncle passed away (may Allah bless him) and he did. The inverse dream u are thinking of , death meaning long life, is when the dream is SYMBOLIC, not straightforward. As humans, we don't often know which is which and only Allah Most High knows the future.

WA LAIKUM SALAM, BR DR AMJAD

YOUR DREAM ABOUT THE SPACESHIP AND THEN TELLING YOUR FRIENDS ABOUT YOUR JOURNEY COULD MEAN THAT YOU ARE PLANNING SOMETHING NEW AND IT COULD BE OF INTEREST OR USE TO OTHERS; YOU PERHAPS KNOW WHAT I AM TALKING OF BUT I DON'T KNOW ENOUGH ABOUT YOUR PERSONAL CIRCUMSTANCES TO BE ABLE TO SAY MORE.

DR UMAR

Spaceship

To see a spaceship in your dream symbolizes your creative mind. It denotes a spiritual journey into the unknown and signals self-development and self-awareness. Alternatively, the dream suggests that you need to take on a different perspective, no matter how bizarre or unusual it may be.

Facebook

To dream about your Facebook page represents your desires to expand your social

circle. You need to reach out to others in a more direct and personal way. It is time to get out there and experience life.

Salam Dr Umar,

My mother had a dream of me. And I'm kind of scared its a bad dream. She said I was fatter then usual and I was on top of a gigantic white cargo automobile (maybe a huge white truck). My mother was in the passenger seat and we were driving fast. I was seating on top of the vehicle with two of my cousins. We were jesting and fooling around with each other. The atmosphere was fun and laughter.

I then as a joke tried to scare him and grab his legs to push him off the vehicle, but placed him back. As a result he was angered by my jesting so pushed me off the gigantic vehicle to then be ran over by multiple cars on the motorway. and I was fatally injured or worst. She had this dream at fajr time.

What do you think it means.

WA LAIKUM SALAM, HASSAN

THE DREAM, IF IT IS A TRUE DREAM, COULD MEAN THAT YOUR FAMILY WILL GET MORE WEALTHY [YOU BEING FAT, GIANT CARGO AUTOMOBILE]; THERE COULD BE FAMILY PROBLEMS - PROBLEMS BETWEEN YOUR FAMILY AND THE FAMILIES OF YOUR TWO COUSINS , WHICH RESULT IN ROWS AND MAYBE FINISHING WITH THEM.

LET'S HOPE IT DOESN'T TURN OUT TO HAPPEN INSHA'ALLAH.

>YOUR SECOND DREAM ABOUT GETTING YOUR HAIR CUT SHORT AND GETTING IT DYED BLACK AND LIKING IT SUGGESTS THAT YOU ARE TRYING TO CHANGE YOUR LIFE IN SOME WAY, TO MAKE YOUR LIFE BETTER. YOU HAVE, INSHALLAH, A GREAT FUTUREIN FRONT OF YOU. MAY ALLAH BLESS YOU AND GIVE YOU THE BEST IN BOTH THE WORLDS. AMEEN.

>Hair

>To see hair in your dream signifies sexual virility, seduction, sensuality, vanity, and health. ♦It is indicative of your attitudes. If your hair is knotted or tangled, then it is symbolic of uncertainty and confusion in your life. You may be unable to think straight. If you dream that you make a drastic change to your hairstyle, then it means that you are making a drastic, new approach to some issue in your waking life. If the wind is blowing through your hair, then it signifies freedom to express uninhibited feelings. You are "letting your hair down".

>To dream that you are cutting your hair suggests that you are experiencing a loss in strength. You may feel that someone is trying to censor you. Alternatively, you may be reshaping your thinking or ambitions and eliminating unwanted thoughts/habits. To dream that you are combing or styling your hair suggests that you are taking on and evaluating a new idea, concept, outlook, or way of thinking. You may be putting your thoughts in order and getting your facts straight. A more literal interpretation suggests your concerns about your self-image and appearance.

>To dream that there are endless amount of bugs coming out of your hair suggests that something is weighing on your mind that you are confused about. Perhaps you are making a big deal out of a minor matter. Alternatively, the dream refers to concerns over your public image.

>To dream that someone is smelling your hair indicates sexual curiosity and your need for some sensual stimulation. You have a lot to learn about a relationship. The way yours or someone else's hair smell may remind your of a particular person. If you are reaching for someone else's hair, then it suggests that you are trying to connect with that person on a spiritual or intellectual level. It also refers to sympathy, protectiveness, and fraternal love. *View Dream Bank: "Washing Hair"

Salam, please can u interpret this dream..... I am very fond of someone who is a non muslim, it's been 8 years I have prayed for Allah for his guidance ... In December I lost faith an hope that he wouldnt b guided and I prayed to Allah that I will not pray for this individual as maybe I'm stupid and expecting too much, I said to Allah if it is ment to b I will leave it in Allahs hands. 5 days later this individual rings me and says for the past few days I have been constantly in his dream an thought he ring to see how I ws, I asked him to tell me what dream he had, he said all the dreams were similar and we both were together in a house which was ours he said he remembered there was a lot of light in the house it seemed really bright. The thing that caught my attention was he said in one of the dreams he entered the room and saw me with the Quran by my side, he got angry and told me to take it out of the room and I did. He said he didn't understand why he had a dream with the Quran in but he said it was your holy book. Please can you shed some detail on this wether it reveals anything.
There was nothing haram in the dream as i did question that. I look forward to your reply
jazakallah hare
